

Quiz / Games Machine Fact Sheet

Offer Overview

ClubNet are working with Partner Suppliers to offer clubs a great opportunity to:

- Generate a constant income stream worth an expected £2,000 a year
- Earn annually recurring sponsorship revenue of £150

How does it work?

Have a machine that suits your club requirements placed in your clubhouse and earn 50% of the net cash box takings from EACH given machine. If your club is expected to generate £2,000 or more in annual takings then you may qualify for the £150 sponsorship courtesy of our Partner Supplier (NB not all Suppliers offer sponsorship).

Key Questions and Concerns addressed:

How much will it cost us to install the machines and is there a rental cost incurred?

The answer is NO. As with any offer that ClubNet provides there is no financial outlay to the club. Our Partner Suppliers cover all installation and machine maintenance costs.

Who are the Partner Suppliers?

Our Partner Suppliers are experienced Quiz and Games machine specialists that have been providing similar products to the leisure sector for years, and include AG Leisure and Champagne Leisure. They have an excellent reputation and between them cover England, Scotland and Wales.

Who collects the money and how often is it collected?

The money is collected at the end of every month and can be done either by a club official or an operative from our Partner Supplier, whichever best suits your club.

How secure are the machines?

Our Partner Suppliers are experienced in ensuring that the machines are installed securely, including security cabinets and other appropriate security measures to ensure your machine is safe.

What types of machines do they provide and are they suitable for children?

Our Partner Supplier will do their very best to match the requirements of the club. Machines range from Pool tables and Pinball Machines to Quiz Machines and Jukeboxes. Fruit machines and other gambling machines are not normally supplied, but may be available if you specifically request them and have a suitable licence.

How do we receive our money from the Quiz Machines?

The machines will be emptied on a monthly basis either by our Partner Supplier or a nominated club official. The Club will receive its share of the takings and any additional sponsorship due through ClubNet's regular quarterly payment schedule.

Are we restricted to only one machine?

Absolutely NOT! The more machines the greater the income for your club. Some ClubNet clubs are already reaping the financial rewards from multiple machines.

Do other Clubs already have Quiz machines through the ClubNet programme?

Around 30 ClubNet clubs already have machines installed. These clubs generate an average annual income of £3,000. Some example clubs include Lanchester CC, Durham and The Heaton Sports Club, Merseyside.
